ABOUT ME

IT Engineering student with a passion for full-stack software development, specializing in the MERN stack and currently advancing skills in Next.js. Proficient in mobile app development with experience in React Native, Flutter, and Android Studio. Enthusiastic about emerging technologies, including AI and Blockchain, and continuously seeking to broaden technical expertise.

EXPERIENCE

Intern   2022
DrukSmart Pvt. Ltd

I joined the ITES services team at DrukSmart, where I focused on learning and exploring the Odoo ERP framework. Additionally, I enthusiastically undertook various technical development projects as part of my continuous learning journey.

PARTICIPATION
